Type of Activity	Workshop	
Date And Time of Activity	12/10/2021	10.00AM
No of Participants	22	
Resource Person	Mr. Amit Parab	
Coordinators	Ms. Manali Vaidya	
Description	<p>The principal addressed the gathering and welcomed the guest. The HOD introduced about the guest and handed over to the speaker.</p> <p>The speaker said that FDA ensures the quality of drug products by carefully monitoring drug manufacturers' compliance with its Current Good Manufacturing Practice (CGMP) regulations. The CGMP regulations for drugs contain minimum requirements for the methods, facilities, and controls used in manufacturing, processing, and packing of a drug product. The regulations make sure that a product is safe for use, and that it has the ingredients and strength it claims to have.</p> <p>The approval process for new and generic drug marketing applications includes a review of the manufacturer's compliance with the CGMPs. FDA assessors and investigators determine whether the firm has the necessary facilities, equipment, and ability to manufacture the drug it intends to market.</p> <p>Finally the HOD delivered the vote of thanks and the guest was felicitated with a momentum.</p>
