CCTV

The college premise and campus are under CCTV surveillance at strategic locations. CCTV acts as a determinant to potential security breaches and unauthorized activities by monitoring key access points, corridors, common areas we ensure the safety of our student, staff and visitor. CCTV system records 24X7 all the activities that enables to promptly address any security incident or emergency that may arise bolstering or emergency response capabilities. With CCTV footage readily can uphold transparency in the various on campus activities. The recorded footage serves as an objective means to investigate incident, resolved disputes and hold individual accountable for their actions for their actions, fostering a culture of integrity and responsibility. We adhere to strict protocols to ensure the ethical and responsible use of CCTV surveillance data. Our practice align with applicable data protection laws and regulation, safeguarding the privacy rights of individuals while maintaining the integrity of our security infrastructure.

Girls Washroom Room

Girls washroom are important space design for personal hygiene needs such as using the toilet, washing hands and freshening up. They're typically equipped with stall for privacy, sinks and often amenities like soap and paper towels or hand dryers. Ensuring the cleanliness, safety and privacy of the facilities is essential for the comfort and well-being of female users. In college, maintaining clean and well-stocked washrooms contributes to a positive learning environment. Additionally, providing adequate facilities is a matter of equity and inclusion ensuring that all student have access to essential amenities regardless of gender. Creating a supportive environment in girl's washrooms also involves addressing any issues related to hygiene, maintenance or safety promptly. it's important to foster a culture where girls feel comfortable raising concern and where their needs are prioritized.
